## FERTILIZERS OSMOCOTE CLASSICS

One application will provide plants with a steady continuous metering of nitrogen, phosphorus and potassium nutrients from every prill.

### OSMOCOTE 14-14-14 (3-4 MONTHS)

This product is excellent for feeding bedding plants and other flowering and fruiting crops. The 1:1:1 ratio is ideal for flowering crops. 100% coated NPK

Order #: **42-141414** -50 lb. bag -40 per pallet

### OSMOCOTE 19-6-12 (3-4 MONTHS)

This product has a 3:1:2 ratio that is excellent for short-term foliage plants. It does not contain urea which can injure some greenhouse crops. 100 % coated NPK

Order #: **42-190612** -50 lb. bag -40 per pallet

### OSMOCOTE 13-13-13 (8-9 MONTHS)

This is a longer term product ideal for perennials and slower growing flowering crops. It is an excellent choice for hanging baskets. 100% coated NPK

Order #: **42-131313** -50 lb. bag -40 per pallet

### OSMOCOTE 18-6-12 (8-9 MONTHS)

This product is the "horticulture industry standard" in controlled release nitrogen. The 3:1:2 ratio is ideal for greenhouse and container nursery stock. This product is also ideal for propagation and fall feeding. 100 % coated NPK

Order #: **42-180612** -50 lb. bag -40 per pallet

### OSMOCOTE 17-7-12 (12-14 MONTHS)

This product is ideal for season-long feeding in warmer climates. 100% coated NPK

Order #: **42-170712** -50 lb. bag -40 per pallet

### OSMOCOTE 19-6-12 (12-14 MONTHS) LOW START

Slow Release 100% Coated NPK

Order #: **42-90558** -50 lb. bag -40 per pallet

## OSMOCOTE PLUS

This product is for full season feeding of foliage, nursery stock, greenhouse crops and landscapes. There is the proven performance of Osmocote® NPK - with the addition of six trace elements and magnesium. This gives you the benefit of controlled release major and minor elements with the convenience of providing plant nutritional needs consistently throughout the crop growing cycle. The two sources of iron (iron EDTA and iron sulfate) provide excellent greening. This has the highest iron EDTA of any of the "all-in-one" coated fertilizers.

### OSMOCOTE PLUS 15-9-12 (3-4 MONTHS)

Product is recommended for annuals, perennials, and other short term crops.

Order #: **42-15912** -50 lb. bag -40 per pallet

### OSMOCOTE PLUS 15-9-12 (8-9 MONTHS)

This product is recommended for warm season application in the South. Southern formula 100% coated w/trace elements

Order #: **42-0015912** -50 lb. bag -40 per pallet

To Order Call: 405.787.4833 or 1.800.522.3376  
Prices subject to change without notice

## OSMOCOTE PLUS 15-9-12 (12-14 MONTHS)

This product is recommended for direct-stick propagation especially in the South or wherever a very slow starting product is desired. Propagation formula 100% coated w/trace elements

Order #: **42-015912** -50 lb. bag -40 per pallet

## OSMOCOTE PRO + IRON

Standard Osmocote NPK supplemented with the addition of two sources of iron for greening.

## OSMOCOTE PRO 19-7-10+FE (3-4 MONTHS)

Uncoated formula formerly marketed as Sierrablen.

Order #: **42-197109** -50 lb. bag -40 per pallet

## OSMOCOTE PRO 18-7-10+FE (8-9 MONTHS)

Uncoated formula W/NPK plus iron.

Order #: **42-187109** -50 lb. bag -40 per pallet

## OSMOCOTE PRO 17-7-10+FE (12-14 MONTHS) FOR SOUTHERN CROPS

Uncoated formula, formerly Sierrablen 17-7-10+Iron.

Order #: **42-177109** -50 lb. bag -40 per pallet

## OSMOCOTE PRO +MINORS

This product is for full season feeding of foliage and nursery stock. The three sources of nitrogen in this product are ammonium, nitrate, and urea. This is an excellent source of feeding for ericaceous crops. It assists in media pH regulation in areas having waters with high alkalinity. The Osmocote is supplemented with 6 key trace elements.

## OSMOCOTE PRO 19-5-8 W/MINORS (8-9 MONTHS)

8-9 mo. (72% 18-6-12, 18% 35-0-0)

Order #: **42-1958** -50 lb. bag -40 per pallet

## OSMOCOTE PRO 19-5-9 W/MINORS (12-14 MONTHS)

12-14 mo. (72% 17-7-12, 18% 35-0-0)

Order #: **42-1959** -50 lb. bag -40 per pallet

## SCOTT CONTROLLED RELEASE TOP DRESS FERTILIZERS

Very effective and yet economical slow release fertilizers to topdress on container nursery stock, flowerbeds or landscapes.

## 17-3-6 TOP DRESS + MINORS (4-6 MONTHS)

An acidifying fertilizer with the potential to lower media pH. Contains controlled release POLY-S nitrogen and readily available P, K, Mg and micro-nutrients. Use on container plants and plants in the landscape. Lasts 3-4 months in the south, and 4-6 months in the northeast, Midwest and west coast. Surface applied only. Not made for incorporation. Rates vary according to site.

Order #: **42-1736** -50 lb. bag -40 per pallet

# FERTILIZERS

OSMOCOTE & TABLETS

## 22-5-6 TOPDRESS+MINORS (4-5 MONTHS)

This product has a full complement of major, minor and secondary elements which provides our plants with all the important nutrients. It also contains reliable IBDU, Poly-S® and Step™ Hi Mag Micronutrients. This is an excellent performer in cool weather and can be used in conjunction with liquid or dry fertilizer programs.

Order #: **42-2256** –50 lb. bag –40 per pallet

## OSMOCOTE TRACE ELEMENTS

### MICROMAX MICRONUTRIENTS

This product is a powerful micronutrient formula that maximizes the growth potential of all plants grown in soilless media. It is engineered for pre-plant incorporation into soil media to help you grow bigger, fuller plants.

Order #: **42-1100** –50 lb. bag –40 per pallet

## OSMOCOTE SPECIAL BLENDS

### SIERRA CONTROLLED RELEASE NUTRIENTS 17-6-12 (3-4 MONTHS)

NPK w/trace elements on outside

Order #: **42-17612** –50 lb. bag –40 per pallet

### 35-0-0 POLY S (5-6 MONTHS)

Slow release nitrogen incorporation fertilizer

Order #: **42-3500** –50 lb. bag –40 per pallet

### CUSTOMBLEN 21-5-10 (8-9 MONTHS)

A key formula used by Greenleaf Nursery on container nursery stock.

Order #: **42-21510** –50 lb. bag –40 per pallet

### 24-7-8 PREMIX FERTILIZERS + MINORS

2 months Poly S incorporated w/top dress

Order #: **42-2478** –50 lb. bag –40 per pallet

## TABLET FERTILIZERS

### 20-10-5 AGRIFORM PLANTING TABLETS (FEEDS FOR 2 YEARS)

These compact, easy-to-use fertilizer tablets eliminate the need for measuring small quantities of dry materials, and provide a safe, scientifically complete plant food which lasts up to two years. Agriform Planting Tablets fill the continuing need of all plants for a full range of major nutrients. During the first year of establishment, the demand for plant food is not great in terms of pounds of nutrients, but continuity of availability is critical for the development of healthy roots and vigorous top growth. Urea-formaldehyde is the total nitrogen source supplying a reservoir of prolonged-release, non-leaching nitrogen to the plant roots. 21 gram size is also recommended for water gardens.

Order #: **42-20105/21** –21 gram tablets, 500 per case

### 15-8-11 OSMOCOTE PLUS MINORS TABLETS (8-9 MONTHS)

Sierra Controlled Release Fertilizer Tablets are bonded, premeasured amounts of Sierra Controlled Release Fertilizer which continuously release major and minor nutrients from every single tablet. The results are attractive, well maintained and uniform plants with less labor and management. Sierra tablets provide an accurate means of controlling the dosage applied to each pot. 7.5 gram tablets of Osmocote Plus .

Order #: **42-16812/075** –7.5 gram tablet, 1000 per case

### EASY GARDENER-BULK FERTILIZER STAKES (FEEDS FOR 60 DAYS)

Easy Gardener 3" long fertilizer stakes

Jobe's Tree Stakes 15-7-6

Order #: **42-02810** –32 packs of 5 –160 per case

Jobe's Fruit Tree Stakes 10-13-13

Order #: **42-02812** –32 packs of 5 –160 per case

Jobe's Evergreen Stakes 11-5-7

Order #: **42-02811** –32 packs of 5 –160 per case

To Order Call: 405.787.4833 or 1.800.522.3376

Prices subject to change without notice

**WATER SOLUBLE FERTILIZERS**

**CHAMPION BRAND-GOOD GRADE**

**CHAMPION 15-0-14 W/5% CALCIUM,**

and 3% Magnesium

Order #: **42-15014** –25 lb. bag –80 per pallet

**CHAMPION 17-4-17 PURE WATER SPECIAL**

Order #: **42-17417** –25 lb. bag –80 per pallet

**CHAMPION 21-8-18 GENERAL PURPOSE SPECIAL**

Order #: **42-21818** –25 lb. bag –80 per pallet

**CHAMPION 21-18-18 GENERAL PURPOSE SPECIAL**

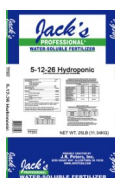

Order #: **42-211818** –25 lb. bag –80 per pallet

**JACKS BRAND WATER SOLUBLE FERTILIZERS-BETTER GRADE**

**5-12-26 HYDROPONIC SPECIAL**

The fertilizer to use for hydroponic plant production. It is easily modified to fit the specific crop needs and individual water qualities. Supplies magnesium and sulfur with 100% nitrate nitrogen.

Order #: **42-10051126** –25 lb. bag –84 per pallet

**9-45-15 PLANT STARTER**

Initial use of 9-45-15 for transplanting into cells or beds supplies the high-phosphorus ratio designed to boost root growth prior to shoots. Can also be used to correct or supplement low phosphorus situations especially in outdoor production.

Order #: **42-07094515** –25 lb. bag –84 per pallet

**10-30-20 BLOSSOM BOOSTER**

Designed to increase bud set and count. Use during periods of bud set, going back to the regular fertilizer following bloom period.

Order #: **42-06103020** –25 lb. bag –84 per pallet

**15-0-15 DARK WEATHER FEED**

The traditional high-calcium fertilizer (11%) for growers who need to supplement their fertilizer programs with calcium. Alternate with 20-10-20 Peat-lite or use as a “finisher” for flowering plants like poinsettias.

Order #: **42-0415015** –25 lb. bag –84 per pallet

**15-4-15 POINSETTIA FEED**

This product features all of the benefits of 17-5-19 Poinsettia FeED but also supplies calcium.

Order #: **42-15415** –25 lb. bag –84 per pallet

**15-5-25 POINSETTIA PEAT LITE SPECIAL**

This fertilizer contains more than 70% nitrate nitrogen and has a micronutrient package adjusted for poinsettias (lower boron and increased magnesium, zinc and molybdenum). An ideal choice for low alkalinity waters when the feed program is supplemented with calcium-containing products.

Order #: **42-0215525** –25 lb. bag –84 per pallet

**15-16-17 PEAT LITE SPECIAL**

Similar to 20-20-20 but with over 60% nitrate nitrogen, boosted micronutrient levels and much less acidic reaction in the root media! The balanced N-P-K ratio is excellent for producing fast-growing plants or for maintaining plants in a sales environment.

Order #: **42-02151617** –25 lb. bag –84 per pallet

**15-20-25 POINSETTIA FINISHER**

Formulated with high nitrate nitrogen and increased molybdenum. Excellent for use with soil-based mixes.

Order #: **42-03152025** –25 lb. bag –84 per pallet

**15-30-15 HI-PHOS SPECIAL**

Excellent plant starter fertilizer. Improves color of pink hydrangeas.

Order #: **42-06153015** –25 lb. bag –84 per pallet

To Order Call: 405.787.4833 or 1.800.522.3376  
Prices subject to change without notice

# FERTILIZERS

WATER SOLUBLE

## 16-4-12 EASTER LILY SPECIAL

The 4:1:3 ratio is ideal for lily production. The potential basicity of this formulation helps to maintain media pH values over 6.0 for leaf scorch reduction. It controls stretch while promoting strong growth and long lasting blooms.

Order #: **42-03160412** –25 lb. bag –84 per pallet

## 17-5-19 POINSETTIA FEED

This product is designed to fit the needs of the newer poinsettia cultivars that need the micronutrients, but a lesser amount of macronutrients. It contains 50% more micronutrients than a typical poinsettia peat-lite formula, yet it provides less boron. The iron is derived from three chelate sources to keep it available over a wide range of growing media pH values. It provides 1ppm of molybdenum for each 200 ppm of nitrogen and contains additional magnesium and high nitrate nitrogen levels.

Order #: **42-17519** –25 lb. bag –84 per pallet

## 20-3-19 PETUNIA FEED

This product is specially formulated for those chronically iron-hungry crops such as petunia, calibrachoa, bacopa and others. It contains double the iron of peat-lite formulations, derived from three chelate sources to keep it available over a broad range of growing medium pH values. It contains 60% nitrate nitrogen, magnesium and no urea. The low phosphorus level helps prevent excessive elongation. It is not recommended for use on geraniums or other iron sensitive crops.

Order #: **42-20319** –25 lb. bag –84 per pallet

## 20-10-20 GENERAL PURPOSE

One of the most popular formulations, 20-10-20 GP has the traditional micronutrient levels needed for general production including propagation and all types of bedding plants. High nitrate nitrogen levels (60% of the total) provides for green foliage and more compact growth. This is a low phosphorous version of the traditional general purpose.

Order #: **42-01201020** –25 lb. bag –84 per pallet

## 20-10-20 PEAT LITE SPECIAL

Our most popular formulation, 20-10-20 Peat-lite has approximately twice the level of micronutrients as the General Purpose formulation. The additional level of micronutrients provides necessary elements absent from most commercially made peat-lite potting media.

Order #; **42-02201020** –25 lb. bag -84 per pallet

## 20-10-20 PEAT LITE/NO BORON

contains standard trace elements. Suitable for soil mixes and soilless media. High nitrate content without boron.

Order #: **42-022010202** –25 lb. bag –84 per pallet

## 20-20-20 GENERAL PURPOSE

The general-purpose industry standard, 20-20-20 is great for maintaining plants in the garden center and growing facilities. It provides fast green-up and great foliar expansion due to the high percentage of ammonium and urea nitrogen plus balanced phosphorus and potassium for excellent root and shoot growth.

Order #: **42-01202020** –25 lb. bag –84 per pallet

## 21-7-7 ACID SPECIAL

This is an ideal fertilizer for acid-loving plants in the nursery and landscape. Provides a rapid correction of a high pH situation. Unlike other brands, Jack's 21-7-7 Acid contains no harmful chlorides.

Order #: **42-04210707** –25 lb. bag –84 per pallet

## 21-7-16 INTERIORSCAPE SPECIAL

Special blend water soluble fertilizer without blue dye for use in offices, homes and interiorscapes for care and maintenance of foliage and other interior plants.

Order #: **20-73000** –25 lb. bucket

To Order Call: 405.787.4833 or 1.800.522.3376  
Prices subject to change without notice

**24-8-16 TROPICAL WITHOUT DYE**

Formulated without dye for fluoride and boron sensitive foliage plants in interiors, nurseries and for acclimatization.

Order #: **42-09248160** –25 lb. bag –84 per pallet

**25-5-15 HI PERFORMANCE**

New economical water soluble formula: use 4 bags of 25-5-15 for same nitrogen effects of 5 bags of 20-10-20 PL

Order #: **42-77900** –25 lb. bag –84 per pallet

**27-15-12 FOLIAR FEED SPECIAL**

This is the fertilizer to use for foliar feeding of ornamentals, vegetables and fruits. The high urea content and micronutrients promote green-up and foliar expansion. Can be used in conjunction with normal media fertilization or alone. Addition of a surfactant enhances activity.

Order #: **42-09271512** –25 lb. bag –84 per pallet

**JACK'S LX & SCOTT'S EXCEL**  
**BRANDS WATER SOLUBLE-**  
**BEST GRADE**

More acid forming fertilizer with extra trace elements

**EXCEL 13-2-13 PLUG SPECIAL**

This is an ideal fertilizer for plug production with 6% calcium and 3% magnesium. It is formulated with 94% nitrate nitrogen and a low phosphorus content to promote compact, sturdy plugs. It can be tank-mixed with other Jack's LX formulas.

Order #: **42-13213** –25 lb. bag –84 per pallet

**EXCEL 15-0-0 CAL-TRATE SPECIAL**

Used to supplement calcium. Contains 18% calcium. Formulated with micronutrients. Do not mix with regular water soluble fertilizers.

Order #: **42-1915000** –25 lb. bag –84 per pallet

**LX 15-2-20 PANSY, SALVIA, VINCA SPECIAL**

This product combines 3.5% calcium and 1.75% magnesium and the elevated boron, iron and manganese levels that pansies, salvias and vincas require. The 84% nitrate nitrogen and low phosphorus content control stretch.

Order #: **42-0115220** –25 lb. bag –84 per pallet

**LX 15-5-15 CAL-MAG SPECIAL**

A truly comprehensive fertilizer with all the macro and micronutrients in one tank. An ideal choice for waters low in calcium and magnesium. It is formulated with over 80% nitrate nitrogen.

This is a more acid forming formula.  
Order #: **42-1915515** –25 lb. bag –84 per pallet

**LX 20-5-19 POINSETTIA SPECIAL**

Ideal for poinsettia production with moderate to high alkalinity waters. The micronutrients are adjusted to provide higher zinc and molybdenum and lower boron with over 60% nitrate nitrogen.

Order #: **42-19205191** –25 lb. bag –84 per pallet

**LX 21-5-20 ALL PURPOSE**

Well suited for moderate to high alkalinity waters. Formulated with over 60% nitrate nitrogen.

Order #: **42-1921520** –25 lb. bag –84 per pallet

**LX 21-5-20 ALL PURPOSE WITHOUT BORON**

This is the ideal fertilizer for moderate to high alkalinity waters. It is formulated with over 60% nitrate nitrogen and a peat-lite level of micronutrients. It can be tank-mixed with 15-5-15 and other Jack's LX formulas. This is a more acid forming formula.

Order #: **42-19215202** –25 lb. bag –84 per pallet

# FERTILIZERS

ORGANIC & SPECIALTY

## ORGANIC FERTILIZERS

### LONGHORN CATTLE MANURE

Premium Aged Cattle Manure

Order #: **42-289100** –40 lb. bag –50 per pallet

### CORN GLUTEN ORGANIC BLEND

Bluebonnet fertilizer granules 10-1-0

Order #: **42-095651** –40 lb. bag –50 per pallet

### DRAMM FISH-K W/ KELP 2-5-0,2

Very high grade whole fish emulsion with hydrolysate made using a cold process. Kelp added for extra nitrogen which contains the natural oils and proteins of fish, which break down slowly to become available over a longer period of time.

Order #: **21-0300** –2.5 gal. –2 per case

OMRI

### HORTICULTURAL CORNMEAL

Bluebonnet ground cornmeal fertilizer-often used in organic production.

Order #: **42-095647** –40 lb. bag –50 per pallet

### PREMIUM ORGANIC FERTILIZER

6-2-4 Bluebonnet Farms organic fertilizer granules.

Order #: **42-095509** –40 lb. bag –50 per pallet

### 0-1-5 GREENSAND

Often used in organic crop production as Potash source.

Order #: **42-015** –15 lb. bag

### 0-3-0 ROCK PHOSPHATE

Often used in organic crop production as Phosphorous source.

Order #: **42-030** –20 lb. bag

### VITAZYME BIO-STIMULANT

Carl Pool formula w/vitamins & enzymes to stimulate healthy root zone bioactivity.

Order #: **42-52877** –1 gal. bottle –4 per case

Order #: **42-52878** –2.5 gal. jug –2 per case

## BARREL PUMPS

Used to pump fertilizer concentrates, chemicals or acids from out of barrels or drums into solution or mix tanks.

### POLY HAND DRUM PUMP

Thermoplastic hand drum pump; for dispensing liquids with a pH range of 4-11; Pump body material: polypropylene; pumps 17 gallons per 100 strokes; 40 inch polypropylene suction tube.

Order #: **55-2P684** –sold as each

### TEEL HAND OPERABLE BARREL PUMP #3P735

Piston drum pump; Pump body material: PVC; Discharge tubing material: PVC; Piston: PVC; 38 inches body; 22 ounces per stroke; hand operated.

Order #: **5530311** –sold as each

## FERTILIZERS-MISCELLANEOUS GREENHOUSE GROWER SPECIALTY ITEMS

### AMMONIUM MOLYBDATE

Used as a fertilizer supplement for poinsettias and many vegetable crops. It can be incorporated into the liquid feed program or used as a foliar spray.

Order #: **20-01512** –1 lb. –12 per case

### CALCIUM CHLORIDE DIHYDRATE

Dihydrate source of Calcium for poinsettias, etc.

Order #: **42-6325** –5 lb. container

### CALCIUM NITRATE WATER SOLUBLE

15.5-0-0 source for Nitrogen and Calcium

Order #: **42-1030** –50 lb. bag –40 per pallet

To Order Call: 405.787.4833 or 1.800.522.3376  
Prices subject to change without notice

**COPPER CHELATE EDTA**

15% Chelated Copper source  
Order #: **42-3019** -4 lb. container

**18-44-0 DIAMMONIUM PHOSPHATE**

DAP source of high Phosphate and some Nitrogen  
Order #: **42-2055** -50 lb. bag -40 per pallet

**FLOWABLE BLUE DYE**

Highly concentrated water soluble dye to add to fertilizer solutions to make feeding visible.  
Order #: **42-0001** -1 lb. bottle

**POWDERED GYPSUM**

To loosen tight soil  
Order #: **42-3010** -40 lb. bag -64 per pallet

**GROUND DOLOMITE LIME ROCK DUST** 

Slow acting ground dolomite lime to raise soil Ph  
Order #: **42-3001** -50 lb. bag -40 per pallet

**HYDRATED LIME POWDER-AG GRADE**

Fast acting hydrated lime for lawn and farm  
Order #: **42-3012** -50 lb. bag -40 per pallet

**IRON CHELATE DP**

Use when soil pH is below 6.5 for rapid greening of greenhouse and nursery crops. Very concentrated, but very effective iron source.  
Order #: **42-3020** -5 lb. bag -10 per bale

**FERROUS (IRON) SULPHATE**

Order #: **42-2020** -50 lb. bag -40 per pallet

**MAGNESIUM SULPHATE "EPSOM SALT"** 

Water soluble source of 9.8% Epsom Salts. Use with greenhouse tomatoes and many growers supplement to all water soluble foods.  
Order #: **42-2030** -50 lb. bag -40 per pallet

**MANGANESE CHELATE EDTA**

13% Chelated Manganese source  
Order #: **42-3025** -4 lb. container

**MONOAMMONIUM PHOSPHATE**

MAP 12-61-0 water soluble fertilizer-great source of high Phosphorous and some Nitrogen.  
Order #: **42-14610** -80 lb. bag

**MONOPOTASSIUM PHOSPHATE**

0-52-34 or 0-50-30 MKP, source for high Phosphorous and Potash  
Order #: **42-05234** -50 lb. bag -40 per pallet

**NITROFORM BLUE CHIP**

Slow release source Of Nitrogen. Often incorporated into soil mixes as a starter nutrient charge.  
Order #: **42-3035** -50 lb.

**POTASSIUM NITRATE WATER SOLUBLE**

13.75-0-46 source for Nitrogen and Potash  
Order #: **42-1040** -50 lb. bag -40 per pallet

**0-0-21 SULFATE OF POTASH MAGNESIUM**

Source for high Potash and Magnesium  
Order #: **42-10012** -50 lb. bag -40 per pallet

**0-0-50 POTASSIUM SULFATE**

Granular-not easily water soluble-source for high Potash  
Order #: **42-1001** -50 lb. bag -40 per pallet

**MOST SOLUBLE TRACE ELEMENTS**

Formerly 25# STEM. Concentrated source of trace elements.  
Order #: **42-103000** -25 lb. bag -84 per pallet

**0-18-0 SINGLE SUPERPHOSPHATE**

Great source for Phosphorous  
Order #: **42-2050** -50 lb. bag -40 per pallet

# FERTILIZERS

WATER TREATMENT CHEMICALS & MISCELLANEOUS

## 0-46-0 TRIPLE SUPERPHOSPHATE

Granular source for high Phosphorous  
Order #: **42-0460** –40 lb. bag –50 per pallet

## ZINC SULPHATE 36% POWDER

Great foliar feed spray for pecan trees  
Order #: **42-2015** –50 lb. bag –40 per pallet

## WATER TREATMENT CHEMICALS

### 75% PHOSPHORIC ACID-TECH GRADE

Tech Grade. In poly drum for pH adjustment or to lower pH of water.

Order #: **42-3040** –1 gal. bottle –4 per case  
Order #: **4291** –200 lb. drum –approximately 15 gallons  
Order #: **4296** –700 lb. drum –approximately 55 gallons

### 50% SULFURIC ACID

For pH adjustment-to lower pH of water. Can often inject right from drum into water flow. A little safer to work with than full 93% acid.

Order #: **42-3042** –55 gal. drum

### 93% SULFURIC ACID

66 Baume For pH adjustment– to lower pH of water.

Order #: **42-005** –1 gal. bottle –4 per case  
Order #: **42-5593** –55 gal. drum

### BLEACH (SODIUM HYPOCHLORITE 10%) 12.5% BY VOLUME

For adding chlorine to water treatment systems  
Order #: **42-2001** –55 gal. drum

### BLEACH (SODIUM HYPOCHLORITE 12.5%) 15% BY VOLUME

For adding chlorine to water treatment systems  
Order #: **42-5515** –55 gal. drum

## FERTILIZERS-MISCELLANEOUS GRANULAR LANDSCAPE GRADE

### 10-20-10 GENERAL PURPOSE

Good balanced farm and garden grade granular fertilizer  
Order #: **42-1049** –40 lb. bag –50 per pallet

### 13-13-13 PRO-GREEN FERTILIZER

Balanced general purpose granular fertilizer  
Order #: **42-0131313** –40 lb. bag –50 per pallet

### 17-6-6 SPIZ FERTILIZER

Premium lawn & turf-Progro granular fertilizer  
Order #: **42-1766** –40 lb. bag –50 per pallet

### 21-0-0 24S AMMONIUM SULPHATE

High nitrogen granular fertilizer with sulfur

Order #: **42-1059** –40 lb. bag –50 per pallet

### 21-7-14 EMERALD GREEN FERTILIZER

General purpose granular fertilizer  
Order #: **42-266400** –40 lb. bag –50 per pallet
