UV BLACK 3.2OZ POLYPROPYLENE GROUND COVER

DeWitt Sunbelt Woven Ground Cover consists of 3.2 oz. UV stabilized black polypropylene which resists tearing, puncturing and weed penetration. It is approved for most government weed control applications. Sunbelt is ideal for greenhouse floors, container nursery stock production beds, outdoor displays and as a weed barrier for plantings without topical coverings where a weed free environment is a must. DeWitt Sunbelt is striped every 12 inches to aid in plant alignment and is UV stabilized to last many years even in direct sunlight. Also used as an inexpensive blackout fabric to create short days over hardy mums and bedding crops.

WHITE GROUND COVER FABRIC

White Ground Cover is a 3.2 oz, UV stabilized, white woven polypropylene fabric. It is a strong, heavy fabric, which allows it to be more resistant to tearing, puncturing and weed penetration. White Ground Cover can also be used as an alternative to a frost

blanket. When applied on top of plantings, it protects against light frost and cold temperatures by holding heat in during the day and by blocking wind at night. White Ground Cover is permeable, allowing water and nutrients to pass through. It is excellent when used in rose growing operations. It is the ground-cover of choice for exposed floors of greenhouse tomato and vegetable operations where you want to reflect more light up into the crop.

SILT FENCE

DeWitt Silt Fence is the most commonly used fabric for erosion control in residential and commercial construction. DeWitt Silt Fence is made from woven polypropylene yarns, and is designed to block the sediment while letting the water slowly flow through the fabric. If properly installed, it can control sediment from being washed into streams and rivers, which results in killing fish and other aquatic life. Each roll comes already assembled with 11 oak stakes 12" longer than fabric width.

Order #: **54-004** –2' x 100' roll –sold per roll

Order #: **54-006** –3' x 100' roll –sold per roll

ANCHORING GROUND COVER PINS

DeWitt Anchor Pins properly secure and anchor landscape fabrics, ground cover and drip irrigation tubing. These special galvanized steel pins are angled at their ends for faster and easier installation. Use Anchor Pins to permanently and professionally anchor all DeWitt fabrics. 11 gauge pins are 6" x 1" x 6" "U" shape.

Order #: **54-2000** –12 per pack –48 packs per carton
